

LDC 4-5: Things Land Development Firms Need to Know About Professional Liability Insurance

ABSTRACT

Professional Liability Insurance is purchased by design and environmental professionals to address liability risks that arise from professional services. “Things Land Development Firms Need to Know about Professional Liability Insurance (PLI)” was created to be an education resource on the ins and outs of liability insurance. It explains:

- Why it is good practice to have PLI and how best to go about obtaining a policy
- Key insurance concepts and what to look for when obtaining insurance
- Who and what is and is not insured under a PLI policy.
