A. PREFACE

The Bylaws of ACEC established the principle for Membership as a Fellow of ACEC, and recognize members who have, by their special service, elevated the standards of our engineering profession.

The Bylaws provide for Classes of Membership entitled Fellow and Life Fellow as outlined in Article II, Membership, and Article III, Admission and Separation.

The ACEC Rules of Policy and Procedure delegate administrative responsibility for the College of Fellows to the Committee of Fellows (COF), including the processing of nominations and the election of Fellows membership. The COF utilizes the ACEC COMMITTEE OF FELLOWS GUIDANCE MANUAL as a guide to admission and administration of the ACEC Fellows Program. The manual also defines the rules and regulations as well as the standards and activities of the College of Fellows.

This document, "Fellow Nomination Form," shall be used for the nomination of Fellows candidates to assist the COF in their election of Fellows. Both the nominating entity and the nominee should also refer to the ACEC Bylaws, Rules of Policy and Procedure, and the COF Guidance Manual to insure that all requirements are complete and properly authenticated.

B. NOMINATION FOR FELLOW

Each submitted application for nomination for Fellow of the American Council of Engineering Companies (ACEC) shall be made using the ACEC Fellow Nomination format herein, by either:

- a) The ACEC Member Organization (MO of which they are a member), or
- b) Three (3) or more Fellows of ACEC who are not members of the ACEC Committee of Fellows or the ACEC Executive Committee.

The nominee shall not initiate his/her own application, but, having been nominated, shall then assist in the preparation of the required submittal data. The nominee shall agree to accept Fellow grade if so elected, and shall indicate this permission on the application form.

The Nomination Format shall include the following:

- 1) Nomination by a Member Organization (See Section D): Signature of the President of the Member Organization certifying that a two-thirds majority of the current MO Board of Directors has voted affirmatively for the nominee. No current member of the ACEC COF or Executive Committee shall be permitted to vote.

-- or --

Nomination by Fellows (See Section E): The signature of three (3) or more Fellows of ACEC (who are not members of either the ACEC Executive Committee or the Committee of Fellows) recommending nomination of the candidate, and the signature of the President of the candidate's own MO confirming and approving the nomination.

- 2) Five (5) letters of endorsement describing the qualifications of the nominee, including:
 - Two (2) letters from current ACEC Fellows (who are not members of the COF).
 - Three (3) letters from current ACEC members personally acquainted with the nominee.

Endorsement letters should not come from the applicant's current firm.

Letters must be on firm letterhead or personal letterhead. MO letterhead and e-mails are not acceptable.

Letters from current Fellows may be from the same nominating Fellows described in 1) above. Letters shall be typewritten and no more than 200 words in length. Endorsers should consider that the COF must depend on the letters to confirm the nomination and supporting data as they may not know the candidate personally or be aware of his/her qualifications.

- 3) Data in support of the qualifications lists in Section C below.

C. QUALIFICATIONS FOR FELLOW

- 1) Individuals qualifying for nomination to the grade of Fellow of ACEC shall have academic and professional qualifications and accomplishments demonstrating notable contributions to the objectives of ACEC.
- 2) Such accomplishments shall include:
