

Congress of the United States

Washington, DC 20515

February 11, 2015

The Honorable John A. Boehner
Speaker
U.S. House of Representatives
H-232, The Capitol
Washington, DC 20515

The Honorable Nancy Pelosi
Minority Leader
U.S. House of Representatives
H-204, The Capitol
Washington, DC 20515

Dear Speaker Boehner and Minority Leader Pelosi:

Republicans and Democrats in the House of Representatives have consistently recognized the importance of a well-functioning and efficient surface transportation network in the United States. We know that our country needs robust transportation infrastructure to compete in the global economy and that without such a network, the United States will be less able to realize future economic growth.

Very simply, we support transportation and infrastructure investment because our economy needs a national system to safely move people and deliver goods from place to place. Our constituents in the manufacturing, construction, agriculture, energy, and distribution sectors rely heavily on our network of roads and bridges to move the products that make us competitive around the globe.

We were pleased that Congress was able to enact the Moving Ahead for Progress in the 21st Century Act (MAP-21) in 2012, but we are more troubled by the significant uncertainty that has plagued federal highway and transit policy in recent years. In the last decade, there have been nine short-term extensions of highway and transit programs. This kind of uncertainty impedes economic growth and makes it difficult for our country to fulfill its competitive potential.

The current extension of the Highway Trust Fund is slated to expire on May 31, 2015. This is not a long way off. We are united in our conviction that now is the time to end the cycle of short-term extensions that kick the can down the road by doing the work needed to pass a multi-year surface transportation reauthorization bill. To make this happen, we support efforts to develop a long-term sustainable revenue source for our nation's transportation network as soon as possible. Otherwise, we will not be able to enact a transportation bill that truly meets our country's economic and infrastructure needs.

We respectfully urge you to move a responsibly paid-for multi-year surface transportation bill that will support much needed economic growth throughout our nation. We stand ready to work with you on this endeavor in the coming months.

Sincerely,

Reid J. Ribble
