Horrocks Engineers' Michael Brehm to Receive National Community Service Award

WASHINGTON, D.C.—Michael Brehm, senior environmental engineer at Horrocks Engineers in Pleasant Grove, Utah, will be presented a 2012 Community Service Award from the American Council of Engineering Companies (ACEC) at the upcoming ACEC Fall Conference in Boca Raton, Fla., on October 17.

The award recognizes a principal or manager of an ACEC member firm who has made outstanding contributions to the quality of life in his or her community.

Brehm has an exemplary record of community service in the Salt Lake region, including important advisory roles to four Utah Governors through various board and committee appointments. He is a founding member of the Salt Lake Chamber of Commerce Environmental Affairs Committee; a member of the Utah Department of Facilities Green Building Committee, a member of the University of Utah and Utah State University ABET Engineering Accreditation Task Force; and he is a recurring instructor for young engineers studying for their P.E. exams.

He also is the oldest, longest-serving and fully active member of the Salt Lake County Search & Rescue Team, where he remains certified in mountain, swift water, winter, and climbing rescues.

The American Council of Engineering Companies (ACEC) is the business association of America's engineering industry, representing more than 5,000 independent engineering companies throughout the United States engaged in the development of America's transportation, environmental, industrial, and other infrastructure. Founded in 1909 and headquartered in Washington, D.C., ACEC is a national federation of 51 state and regional organizations.
