If requested counsel is properly experienced and without conflict. Generally most times requested counsel is already on Hanover's approved panel counsel listing.	If the firm is qualified to do A/E defense work and agrees to Hudson's fee schedule.	We do our best to accommodate Insured requests for qualified defense counsel. The pre-qualified name of the Insured's first choice of counsel can be added to the policy by endorsement in most states.	Provided counsel has the appropriate experience and agrees to abide by Lexington/AIG guidelines.	While Catlin's policy terms provide that the company has the right to appoint counsel, we regularly confer with our insureds prior to counsel selection. If the insured has a preferred attorney, that preference will usually be honored assuming the attorney has appropriate experience representing design professionals.	We have the right to select counsel. We will give consideration to the insureds request for alternative defense counsel, if the request is made and approval given prior to binding coverage.	RLI does not maintain a formal panel counsel and strives to appoint competent counsel. Alternate counsel may be considered subject to RLI Claims dept. review.

Question 77: If you wish to provide comments on this survey, please do so in the space below.

	NExt year I would like to suggest a program that can be opened and closed as it takes time to obtain information and realistically the survey cannot be done in one sitting.			Question re: risk management and products question - there was no options to select.		While we have striven to provide accurate answers to the survey questions, it is important that readers remember that individual policies may have endorsements that modify coverage. Coverage is determined by each insured's policy rather than the generalized responses to this survey.		Form is not complete but we will send you a copy prior to our meeting in October. We look forward to visiting with the Liability Committe.			Thank you for the opportunity to share our program highlights.
