# THE ACEC FEDERATION ADVANCING YOUR BUSINESS

#### **POWER IN NUMBERS**

The American Council of Engineering Companies is a federation of 52 state and regional groups with more than 5,600 engineering firm and affiliate members employing over 800,000 engineers, surveyors, architects, and specialists. 82% of eligible ENR 100 Top Design Firms are ACEC Members

### ADVOCATING FOR YOUR FIRM

Local and national advocacy to grow business opportunities, reduce risk for engineering firms, and promote awareness of the value of solid engineering design by qualified experts.

- Tax, Regulatory & Liability Reform
- Passage of the Infrastructure Investment & Jobs Act
- Federal and State Level
- Legislative and Legal Action to Expand Business Opportunities

## GUIDED BY FIVE PILLARS OF THE ACEC STRATEGIC PLAN

Advance a business environment that enables our professional member firms to deliver safe, impactful, & sustainable solutions.

- 1 Leading Business Strategy
- 2 Embodying Inclusion & Diversity
- 3 Expanded and Influential Membership
- 4 Essential Value to Society
- 5 Vibrant Member Engagement

## ENGAGE WITH INDUSTRY PEERS ON BOTH THE STATE & NATIONAL LEVEL

Build networks of colleagues for knowledge exchange, education, sharing of best practices, and business development.
